Chinese operating company but a Cayman Islands holding company with operations

2. At the outset of Item 3, provide prominent disclosure about the legal and operational risks

associated with being based in or having the majority of the company operations in

China. Your disclosure should make clear whether these risks could result in a material $% \left(1\right) =\left(1\right) +\left(1\right) +\left($

quantify dividends or distributions made to U.S. investors, the source, and their $\ensuremath{\mathsf{tax}}$

4. At the outset of Item 3, disclose the risks that being based in or having the majority of the

company s operations in China poses to investors. In particular, describe the significant

regulatory, liquidity, and enforcement risks with cross-references to the more detailed

discussion of these risks in the annual report. For example, specifically discuss risks

arising from the legal system in China, including risks and uncertainties regarding the $\,$

 $% \left(1\right) =\left(1\right) \left(1\right) +\left(1\right) \left(1\right)$ enforcement of laws and that rules and regulations in China can change quickly with little

advance notice; and the risk that the Chinese government may intervene or influence your

operations at any time, or may exert more control over offerings conducted overseas $% \left(1\right) =\left(1\right) +\left(1\right)$

and/or foreign investment in China-based issuers, which could result in a material change $% \left(1\right) =\left(1\right) +\left(1\right) +$

in your operations and/or the value of your securities. Acknowledge any risks that any $\,$

to investors and cause the value of such securities to significantly decline or be worthless.

5. At the outset of Item 3, disclose in this section each permission or approval that you or

your subsidiaries are required to obtain from Chinese authorities to operate your business

and to offer securities to foreign investors. State whether you or your subsidiaries are

covered by permissions requirements from the China Securities Regulatory Commission

(CSRC), Cyberspace Administration of China (CAC) or any other governmental agency $% \left(1\right) =\left(1\right) +\left(1\right) +$

that is required to approve your operations, and state affirmatively whether you have

received all requisite permissions or approvals and whether any permissions or approvals $% \left(1\right) =\left(1\right) +\left(1\right) +\left$

have been denied. Please also describe the consequences to you and your investors if you

or your subsidiaries: (i) do not receive or maintain such permissions or approvals, (ii)

inadvertently conclude that such permissions or approvals are not required, or (iii) $% \left(1\right) =\left(1\right) \left(1\right) +\left(1\right) \left(1\right) \left(1\right) +\left(1\right) \left(1\right) \left$
